

Location of Menomonee River Watershed Assessment Points

Assessment Point	Stream	Downstream Terminus of Tributary Area*
MN-1	North Branch Menomonee River	Upstream of North Branch's confluence with mainstem approximately 1/2 mile north of Fireman's Park, Germantown
MN-2	Upper Menomonee River Mainstem	Mainstem at STH 145
MN-3	West Branch of Menomonee River	Upstream of West Branch's confluence with mainstem on the north side of Lake Park Golf Course
MN-4	Willow Creek	Upstream of Willow Creek's confluence with mainstem approximately 1/2 mile southwest of USH 45/STH 167 interchange
MN-5	Menomonee River	Mainstem approximately 1/4 mile south of USH 45/CTH Q interchange
MN-6	Nor-X-Way Channel	Upstream of Nor-X-Way's confluence with mainstem approximately 1/2 mile north of USH 45/STH 74 interchange
MN-7	Lilly Creek	Upstream of Lilly Creek's confluence with mainstem on the south side of River's Edge Park
MN-8	Butler Ditch	Upstream of Butler Ditch's confluence with mainstem on the western boundary of the Village of Butler
MN-9	Menomonee River Downstream of Butler Ditch	Downstream of Butler Ditch's confluence with mainstem on the western boundary of the Village of Butler
MN-10	Little Menomonee Creek	Upstream of Little Menomonee Creek's confluence with the mainstem at the intersection of Granville Road and STH 167
MN-11	Little Menomonee River	Upstream of Little Menomonee River's confluence with the mainstem at intersection of STH 100 and Hampton Avenue
MN-12	Menomonee River Downstream of Little Menomonee River	Mainstem downstream of Little Menomonee River's confluence with the mainstem at intersection of STH 100 and Hampton Avenue
MN-13	Underwood Creek	Upstream of Underwood Creek's confluence with the mainstem at the northern boundary of Elm Grove
MN-14	Underwood Creek	Upstream of Underwood Creek's confluence with the mainstem south of North Avenue at Hansen Park
MN-15	Menomonee Mainstem	Mainstem downstream of Underwood Creek's confluence with the mainstem
MN-16	Honey Creek	Upstream of Honey Creek's confluence with the mainstem at Wisconsin Avenue
MN-17	Menomonee River Downstream of Honey Creek	Mainstem at 72nd Street
MN-18	Menomonee River near Upstream Limit of Estuary	Mainstem approximately 500 feet downstream of 35th Street Viaduct

*Note: Water quality reported at each assessment point is representative of corresponding modeling reach identified in factsheets and is not only influenced by the tributary area of each modeling reach but also the entire tributary area upstream of the modeling reach.
